

Overseas Recruitment

Photo: Nuala O' Hare meeting potential staff during their recent business trip to Poland.

A warm WELCOME to all our overseas Staff who joined our Company over the past few months. Nuala O'Hare Regional Manager visited Kosalin in Poland earlier this year on a 2 day interviewing programme, organised by Imperial recruitment. This was a valuable experience for Homecare to partake in as they personally screened and selected the successful candidates.

All candidates were successfully introduced to the Irish Culture and way of living with the assistance of our unique and specialist Cultural Diversity training programme.

May we all accept the hand of friendship from our Polish Colleagues and wish them many happy years of employment with Homecare.
