

Private Care / Direct Payments / Home Grants

Private Care

Our Organisation can assist you when it comes to seeking private care for your loved one. We can provide additional care to your existing care package as stipulated by your social worker or public health nurse or indeed provide direct private care of which we will be happy to discuss your requirements, agree the care plan and explain payment arrangements offering you the facility of paying by direct debit. All of this will be carried out by one of our management team at a time and venue suitable to you.

Direct Payments / Home Grants

A direct payment is an amount of money that you may be able to get instead of services from your local Health & Social Care Trust / HSE. It will enable you to arrange your support in a way that suits you best. Our organisation can assist by providing you directly with our trained and competent staff removing this responsibility from you or your family. We will be happy to arrange a visit with you and discuss your options further.
